

UDS STORAGE ANALYZER

Installation Guide

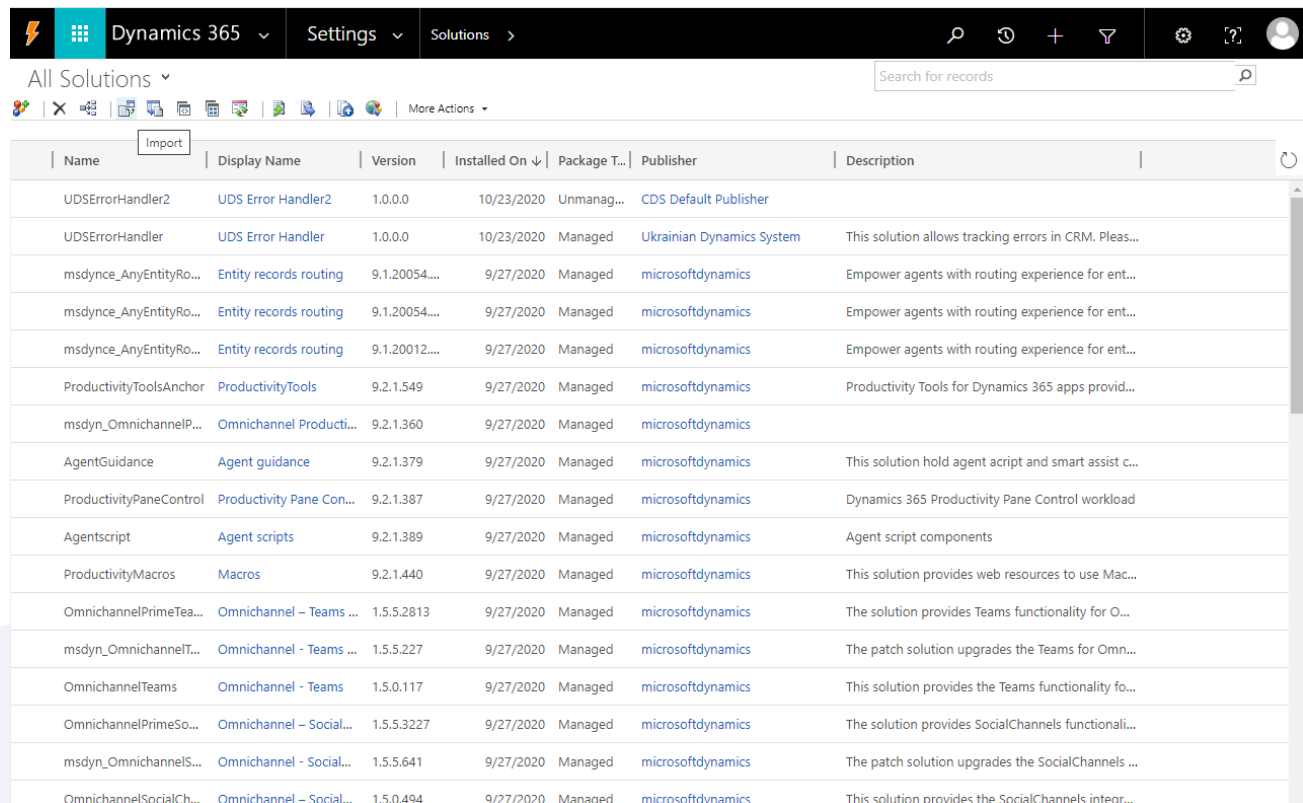

To successfully manage the installation of UDS Storage Analyzer, proceed with the steps bellow:

1. Navigate to Settings and choose **Solutions**

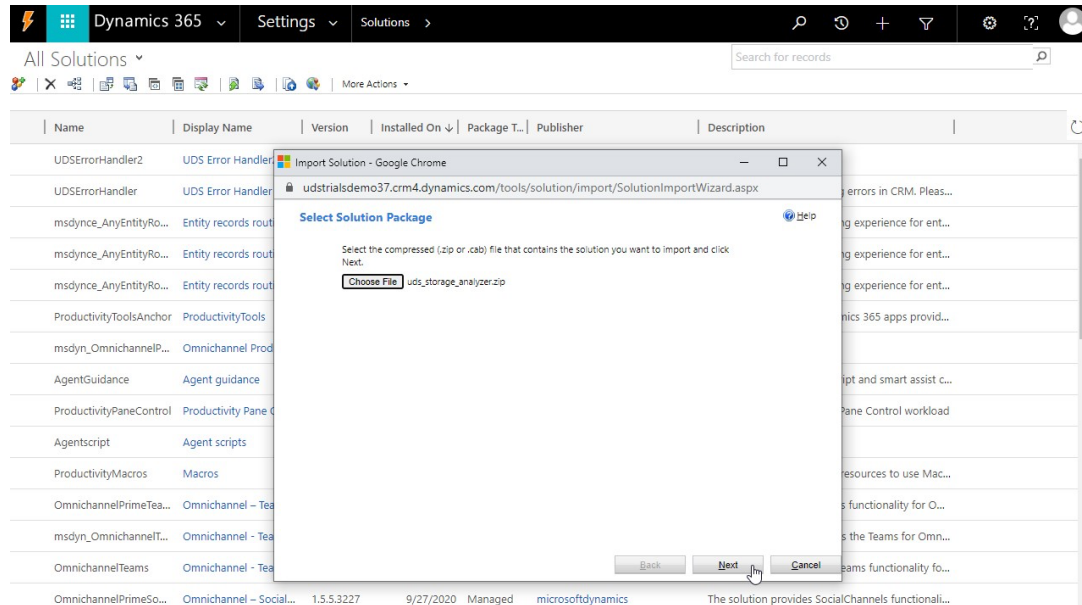

2. On the Solutions page, click **Import** button.

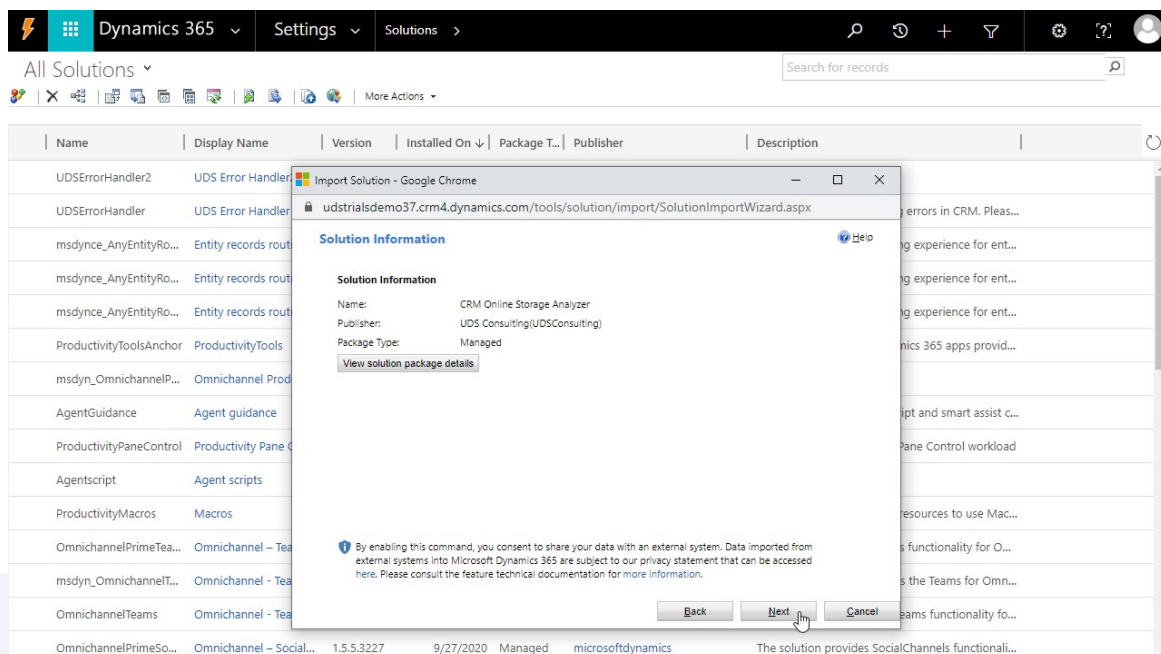

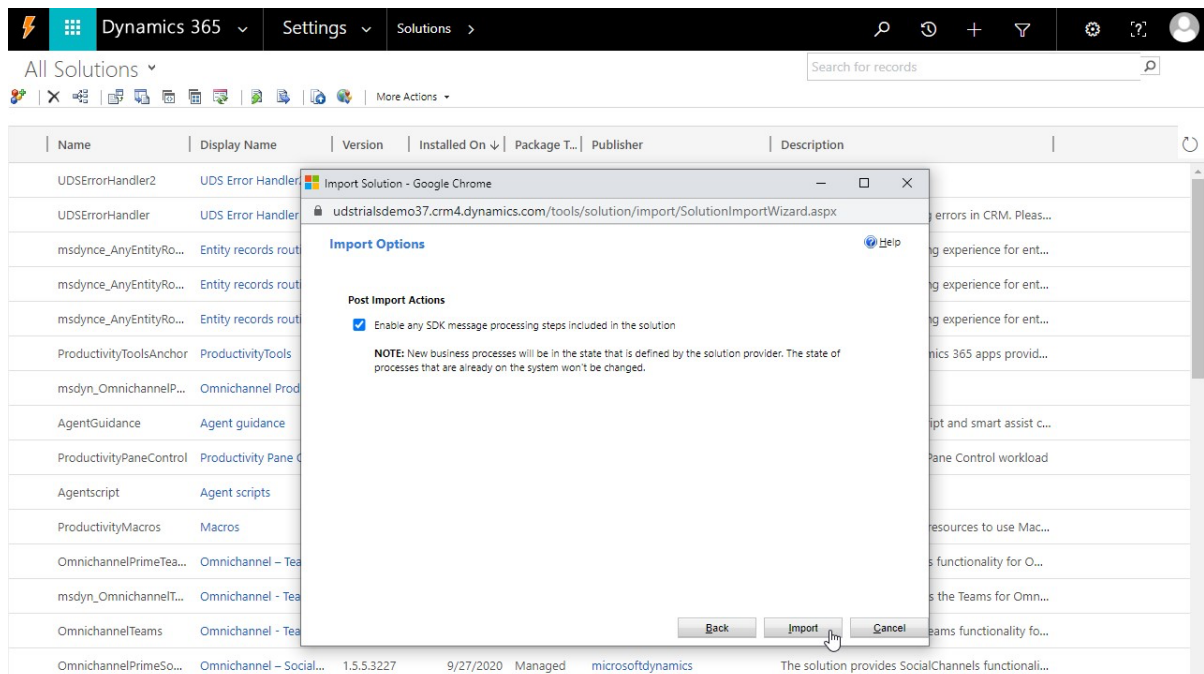

3. On the **Select Solution Package** pop-up window, select **uds_storage_analyzer.zip** file and click **Next** button.

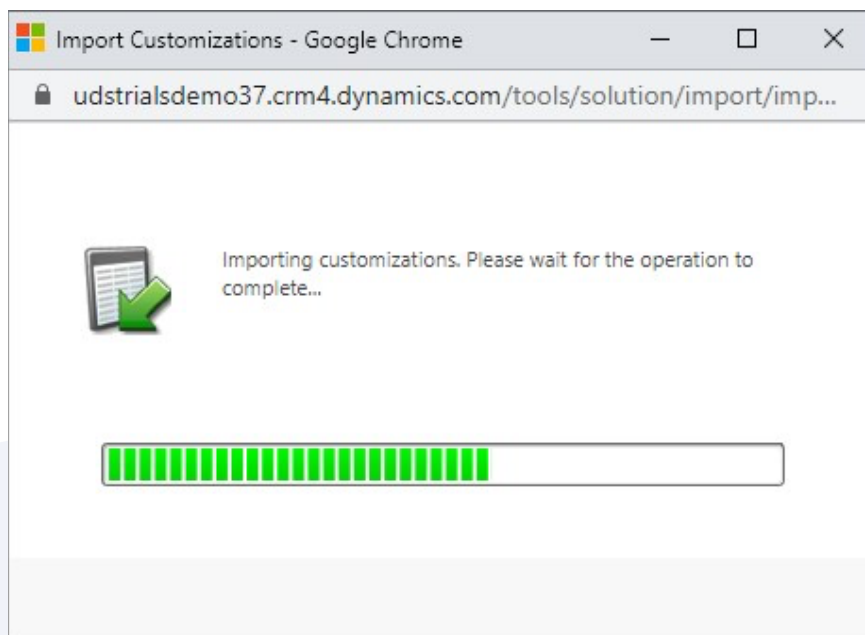

4. On the **Solution Information** pop-up, click **Next**.

5. Mark **Enable** any SDK message processing steps included in the **solution** and click on **Import** button.

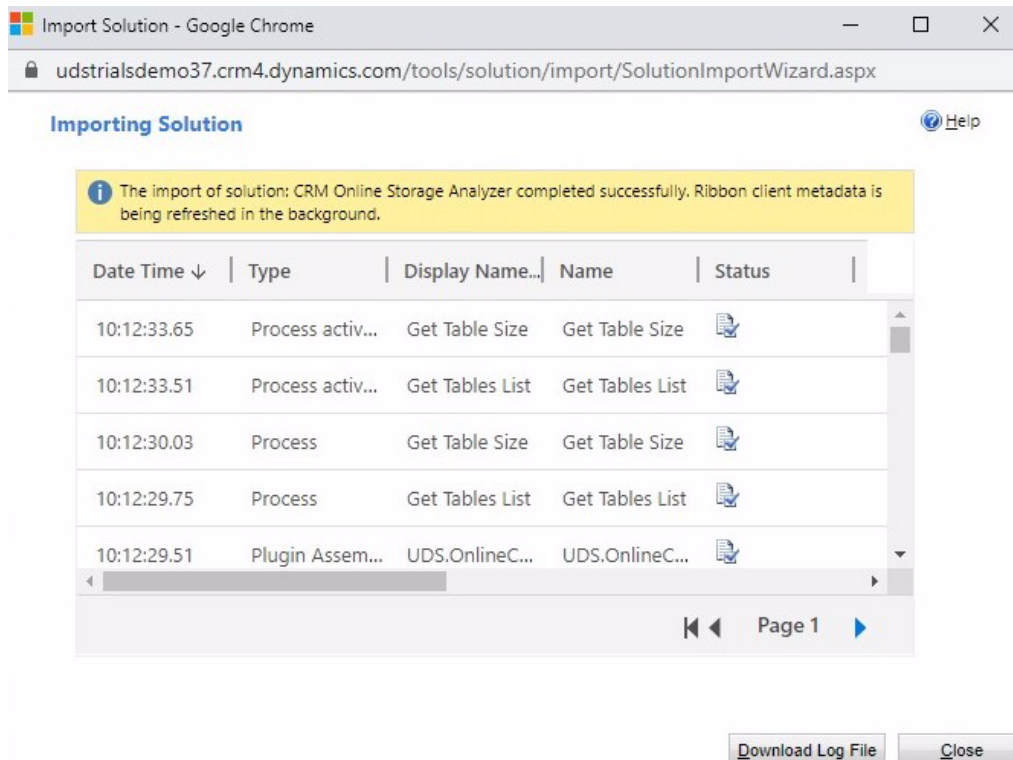

6. The installation progress bar will appear.

7. You will see the following notification: **The import of solution: CRM Online Storage Analyzer completed successfully. Ribbon client metadata is being refreshed in the background.**

Click **Close**.

8. The add-on will appear on the Solution page. Click **Publish All Customization** button.

Uninstall UDS Storage Analyzer

1. To uninstall UDS Storage Analyzer, mark check CRM Online Storage Analyzer and click **Delete** in the upper menu. Click OK on the pop-up window.
