

# **Installation Guide**

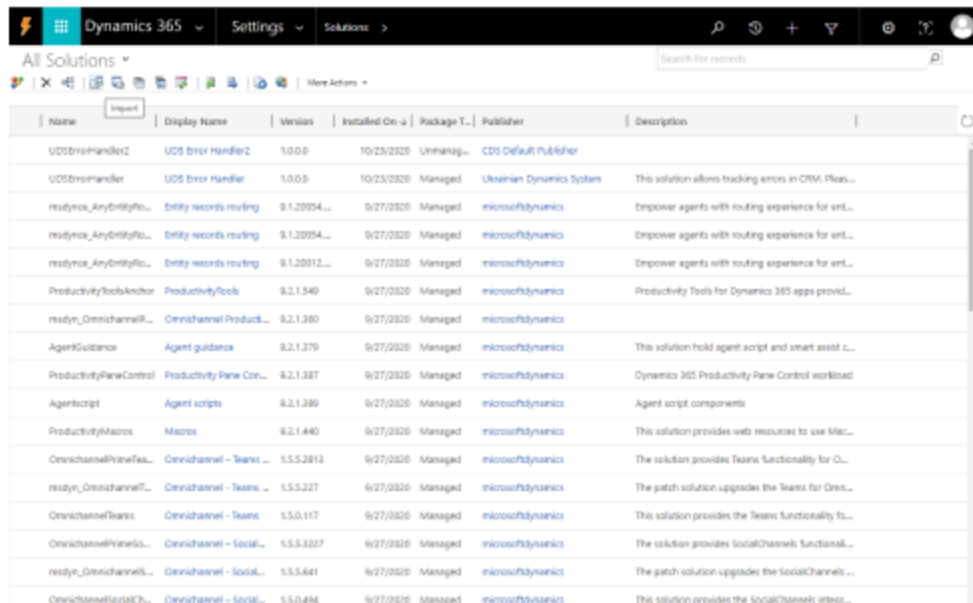

## **UDS STORAGE ANALYZER**

To successfully manage the installation of UDS Storage Analyzer, proceed with the steps below:

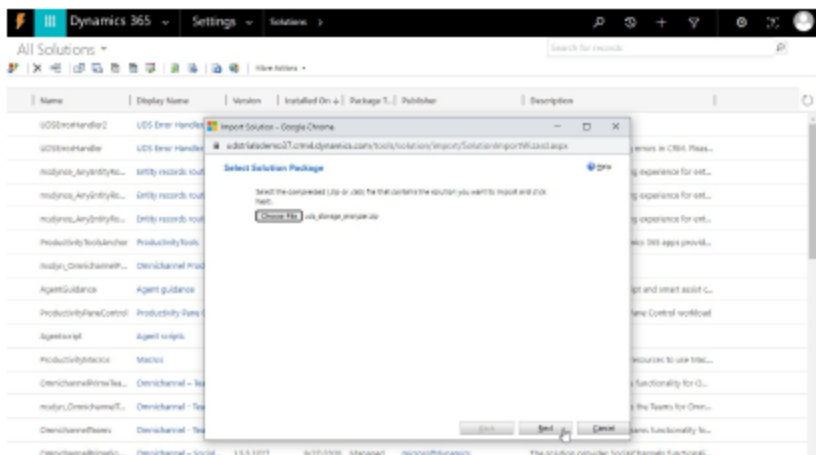

## 1. Navigate to Settings and choose **Solutions**

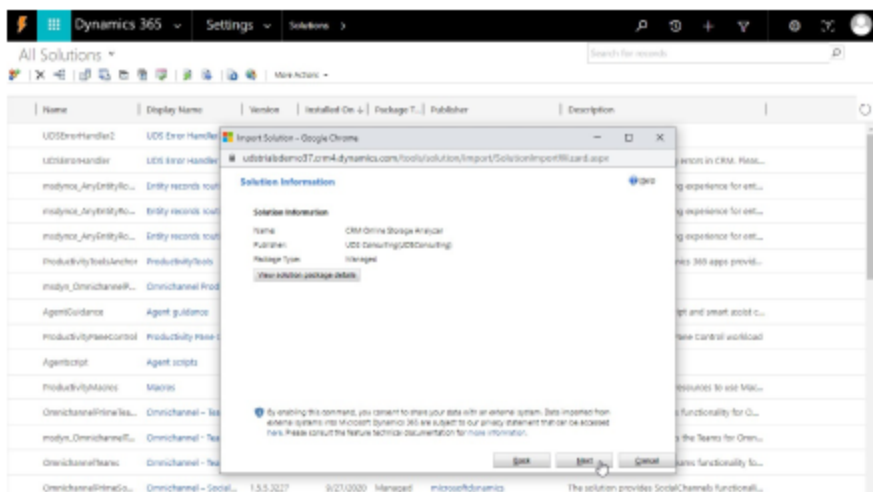

## 2. On the Solutions page, click **Import** button.

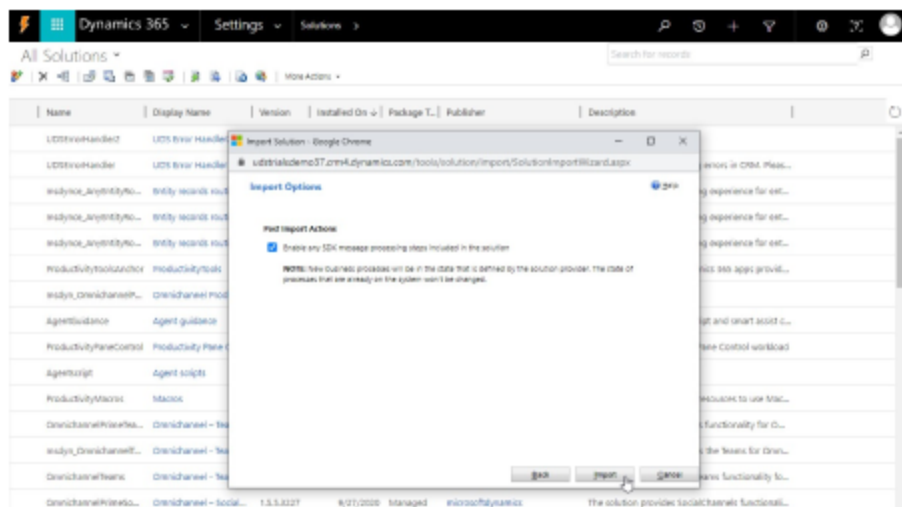

3. On the **Select Solution Package** pop-up window, select **uds\_storage\_analyzer.zip** file and click **Next** button.

4. On the **Solution Information** pop-up, click **Next**.

## 5. Mark **Enable any SDK message processing steps included in the solution** and click on **Import** button.

## 6. The installation progress bar will appear.

7. You will see the following notification: **The import of solution: CRM Online Storage Analyzer completed successfully. Ribbon client metadata is being refreshed in the background.**

Click **Close**.
